### Learning Focus – Phonics

1. Introduce the **vocabulary as sight words** in advance. At the same time, begin **systematically teaching phonics** – letters and their sounds.

2. **How to overview a book:**

(Use this strategy for each book in the series.)

Look at the **front cover**:

- » What is the book called? *This is the **title** of the book.*
- » What are these names? *These are the **authors** of the book.*
- » Talk about the picture. *Reflect on what the child observes, draw attention to details they may not have noticed.*

Look at the **back cover**:

- » Look at the picture and talk about it.
- » Read the sentence/question. Talk about it.
