

# Sunrise Readers

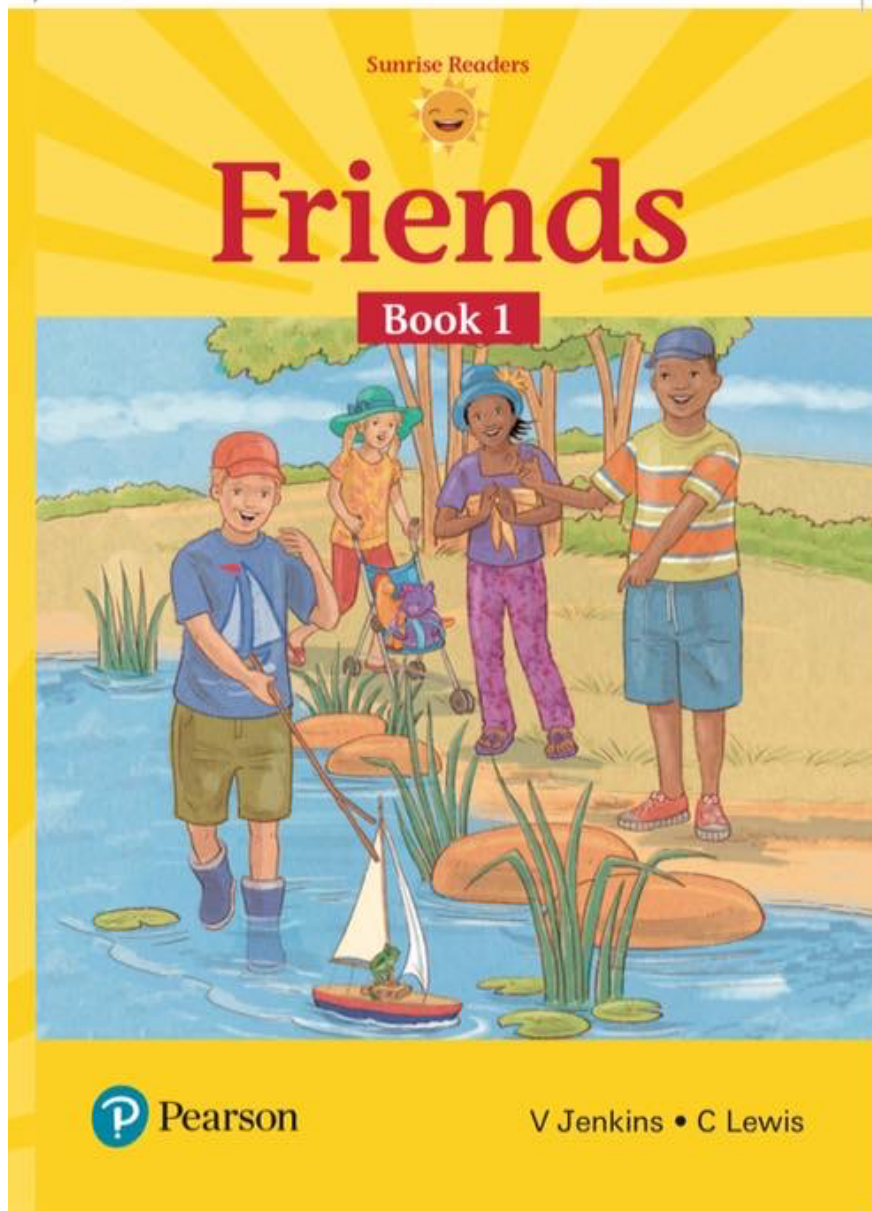

## Read, write cut and match:

The following free downloadable exercises provide children with the opportunity to practise and consolidate their reading, writing and fine motor skills. Print on A4 paper.

*These activities can be done once the learners have been taught to recognise and repeat the words in the Word List on the back cover in preparation for reading **Sunrise Readers Book One – Friends**.*

- 1 Read the sentence aloud, running a finger smoothly under the words, from left to right.
- 1 Repeat – read the sentence two or three times. If this is a class or group activity, the teacher can maximise use of the worksheet by saying, “Everybody, find this word in the sentence, and point to it “Come”, etc.
- 2 Write the sentence using the dots – the children will presumably still be in the process of learning to write letters.
- 3 Read the sentence aloud again. Learners now cut out the last sentence and jumble up the words. Match the words to the sentence above, covering each word with the correct cut-out flashcard word.

***Feedback from teachers is much appreciated!***
